ASSIGNMENT

Inventors: Bill J. Pope ~~Jeffrey~~ Jeffrey K. Taylor Richard H. Dixon
Michael A. Vail Kenneth M. Jensen

Invention: Prosthetic Knee Joint Having at Least One Diamond Articulation Surface

Docket: 6061 P

WHEREAS, the Inventors have made an invention or discovery referred to as the "Invention" which is described and claimed in the attached application for Letters Patent of the United States; and

WHEREAS, Diamicon, Inc., Utah corporation ("Diamicon"), is desirous of acquiring all of the Inventors' rights, title and interest in said invention or discovery:

NOW, THEREFORE, in return for good and valuable consideration, receipt of which is hereby acknowledged, each of the Inventors, by these presents, does hereby sell, assign, and transfer unto Diamicon all rights, title and interest in and to the following: (1) said Invention as described in said patent application, (2) said patent application, (3) any letters Patent issuing from said patent application, and (4) all intellectual property (including patent rights, trade secrets and copyrights) in or to said Invention. Said assignment is without any geographic limitation and shall include the United States of America and all foreign countries. All rights, title and interest in said Invention, said patent application, any Letters Patent issuing from said patent application, and said intellectual property are to be held and enjoyed by Diamicon for its own use and behalf, and for that of its legal representatives and assigns, as fully and entirely as the same would have been held by the Inventors had this assignment and sale not been made. Diamicon shall be free to assign, license or otherwise exploit said Invention, said patent application, any Letters Patent issuing from said patent application, and said intellectual property.

AND each of the Inventors does further agree to sign all papers, make all rightful oaths and do all requisite acts for the filing of any disclaimer or for the filing and assignment of any other patent application (including divisional, continuing, continuation-in-part, reissue and foreign applications) based on the present patent application or said Invention. Any such other patent application is deemed to be part of the above assignment.

AND each of the Inventors does further agree to communicate to Diamicon, its successors, assigns or other legal representatives, such facts relating to said Invention as may be known to him, and to testify as to such facts in any prosecution, interference or litigation.

Executed by the undersigned on the date indicated.
